Dr. Toan Nguyen
SEPT Competence Center – University of Leipzig

Opportunity within the crisis

Good Opportunity

OPPORTUNITIES

IT TALENT ATTRACTION

Amidst a rapidly changing digital landscape where technology shapes our society, the need for IT experts is crucial. Germany, a global innovation hub, faces an IT talent shortage that could hinder its progress. However, we see this as an opportunity.

Mission

MISSION

REVOLUTIONIZING INFORMATION TECHNOLOGY EDUCATION

A pioneering initiative aims to transform how we develop IT skills through a collaboration between universities and forward-thinking companies. Our mission is clear: bridge the gap between demand for specialized IT skills and the talent pool, offering an enriching experience.

Mission

Our concept of “Young IT Talent Exchange”

IT TALENTS EXCHANGE

GERMAN-VIETNAM INFORMATION TECHNOLOGY TRAINING INITIATIVE

☑ Internship program

Renowned German universities and industry leaders have joined to create a comprehensive training and internship program.

☑ Reliability

This initiative extends to Vietnam, capitalizing on its growing tech scene and emerging talent.

It's about global impact and building an international IT community.
